MEMORANDUM FOR: Executive Assistant, Office of Personnel  
SUBJECT : Highlights of Activities for the Control Division  
for the Week Ending 16 October 1975

I. Highlights of activities for this Division for this week are as follows:

A. Two queries were made against the PERSIGN data base via the CRT terminal:

25X1  
1. Mr. [REDACTED], PS/MSB, was given a tabulation showing the number of SD-D full-time permanent staff personnel with an invalid SCD, LCD or DOG. This was to be back-up data for a tabulation SRB created for him last week which had excluded these employees; and,

25X1  
2. Mr. [REDACTED] ODDA, was given a list of contract employees who had NSCA. There were eight of these employees and they are currently excluded from the listing of personnel with NSCA because the listing is out of the old P-STAT system which only contains staff personnel.

25X1  
B. Ms. [REDACTED] OD/PERS, was given a tabulation of professional and total staff personnel in percentages by degree of college education. The tabulation showed that 72.5% of the professional staff personnel have earned a college degree with 3.8% Doctorates; 19.6% Masters; and, 49.1% Bachelors. The information had been requested by Mr. Blake.

C. The GAF 300 diazo-printer duplicating machine is to be installed in SRB today. Many of SRB's reports have been delayed for a few days because of problems encountered with the contractors changing the vent and electrical outlet. SRB should be caught up by week's end.

D. Due to the large quantity of "money" actions held for the legislative pay adjustment effective 12 October 1975, TRB/Status Section has requested and received authorization to work overtime.
